

*Horse Riding*

You must complete this **return form** and send it along in the box with the airbag vest that you send to Hit-Air Benelux.

Also enclose a copy of the proof of purchase with this return form.

**PAY ATTENTION:**

Pack the airbag vest, complete with all accessories, in a spacious box (a small box will cause damage to the airbag vest). **You must attach a label to the airbag vest with your name on it.**

This form must be included in the package with a description of the problem/function/damage to be checked by Hit-Air Benelux.

**Without a fully completed return form + a copy of the proof of purchase + all accessories + label on the airbag vest + clear problem statement, unfortunately we cannot process your request.**
